Open now for paper submissions. LMSSA2008 will provide an opportunity to hear and present academic work that can build and inform good management and leadership practice in Sub-Sahara Africa. Emphasis will be upon indigenous African approaches, dissemination of best practice information, discussions of the values and pitfalls of emulation of Western practice. The conference will offer paper presentations and symposia focussing on some of the issues of cultural differences and indigenous African resources. Papers accepted in the competitive stream will be published in the proceedings, eligible for inclusion in an edited book, and in a special edition of the African Journal of Business and Economic Research (AJBER). The Developing Research stream will also focus on developing less experienced academics in groups and networks and research practice and publication.
